

THE OFFER

Get found, ranked, and cited: by Google and the AI assistants quoting it.

AI-accelerated, human-directed. I run audits and generate validated schema in hours, not weeks, and produce more optimized content per month than an agency will at the same price, because my systems do the heavy lifting and I do the strategy. You get agency-level output at freelancer speed.

HOW IT WORKS

01

Audit and Foundation Sprint

Technical and AEO audit, then a 2 to 3 week sprint that ships schema, on-page fixes, and pillar content.

02

Pick a Growth tier

Maintain, Growth, or Dominate, matched to how fast you want to move.

03

Compound

Monthly content, reporting, and AI-visibility tracking that build month over month.
